

Follow the step by step instructions to make the ricecake kitty snack treat.

Step 1. Collect the things you need.

You will need:

1 large Ricecake.

Nut or Sunflower butter.

3 blueberries.

1 strawberry (sliced).

1 banana (sliced).

3 large pretzel sticks or 6 small pretzel sticks.

1 knife for spreading

Step 2. Spread the peanut butter on the whole of one side of the rice cake.

If you find this tricky you can get a grown-up helper.

Step 3. Place 2 strawberry slices on the top of the ricecake, to make the cat's ears.

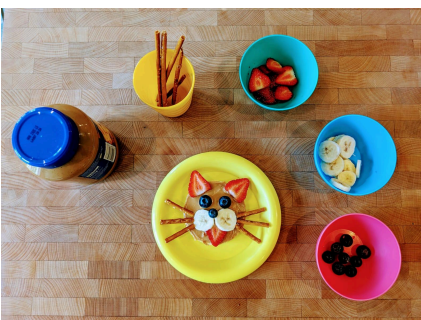

Place one strawberry slice in the bottom centre of the ricecake, this will be the kittens tongue.

Step 4. Take two banana sliced and place them either side of the tongue, overlapping slightly to make the kittens cheeks.

Step 5. Add 2 blueberries above the bananas for eyes and one in the space where the two bananas meet for a nose

Step 6. If you're using large pretzel sticks break them in half. Put three sticks on each side of the cats face to make whiskers

You're done! Enjoy your yummy kitty-cat-tastic snack!
